Arne Schmidt

Principal Software Engineer (Backend)

SUMMARY

Seasoned backend engineer with 12 years of experience building scalable micro-services and leading cross-functional teams.

EXPERIENCE

Principal Software Engineer — NovaTech Solutions 2020–Present

- Designed a multi-tenant SaaS platform handling 2M+ monthly active users.
- Mentored a team of 8 engineers; instituted code-review standards that reduced bug escape rate by 40%.

Senior Staff Engineer — CloudForge GmbH 2015–2020

- Led migration from monolith to Kubernetes-based micro-services, cutting deployment time from hours to minutes.
- Authored internal Go library adopted by 5 product lines.

Software Engineer — StartUpX 2012–2015

- Built RESTful APIs for a fintech MVP that secured Series A funding.
- Implemented CI/CD pipeline using Jenkins and Docker.

EDUCATION

MSc Computer Science

Technical University of Munich · 2012
