

Erik Nilsson

Operations Lead

erik.nilsson@example.com · +46 8 5551234 · Stockholm, Sweden

SUMMARY

Operations specialist with a track record of optimizing supply-chain and logistics processes. Applies data-driven methods, including lightweight Python scripting, to improve efficiency.

EXPERIENCE

Operations Lead — LogiStream Operations

2019-Present

- Redesigned the last-mile delivery network, cutting average delivery time from 2.4 days to 1.6 days.
- Built a Python-based inventory forecasting tool (using Prophet) that decreased stock-outs by 18%.

Operations Analyst — NordicLogix AB

2015-2019

- Implemented a warehouse KPI dashboard in Power BI, increasing picking accuracy from 92% to 98%.
- Led a cross-functional project to adopt Lean principles, saving SEK 8M annually.
