

Hannah Becker

Senior Software Engineer (Backend)

hannah.becker@example.com · +49 30 1234 5678 · Berlin, Germany

SUMMARY

Senior Software Engineer with over 8 years of experience designing and delivering scalable backend systems for SaaS platforms. Proven track record in leading cross-functional teams, optimizing performance, and driving architectural decisions, and mentoring junior developers.

EXPERIENCE

Senior Backend Engineer — TechFlow Solutions

Jan 2020 – Present

- Led a team of 5 engineers to deliver a micro-services platform handling 2M+ daily requests.
- Designed and implemented event-driven architecture using Kafka and Docker/Kubernetes, reducing latency by 35%.
- Introduced CI/CD pipelines with GitLab CI, cutting release cycle from weeks to days.

Software Engineer — CloudNet GmbH

Mar 2017 – Dec 2019

- Developed RESTful APIs in Java Spring Boot for a financial analytics product.
- Optimized database queries, decreasing average response time by 22%.
- Participated in code reviews and contributed to internal coding standards.

Junior Developer — StartUpX

Jun 2015 – Feb 2017

- Maintained and extended a legacy PHP application, adding new billing features.
- Automated deployment scripts using Bash and Ansible.
