

Sofia Pereira

Junior Software Engineer (Backend)

sofia.pereira@example.com · +351 21 2345678 · Lisbon, Portugal

SUMMARY

Recent computer science graduate eager to build robust back-end services. Hands-on experience with Python, Django, and RESTful API development during academic projects and internships.

EXPERIENCE

Backend Engineer Intern — CodeCraft Labs

2022-2023

- Developed a micro-service for user authentication using Django REST Framework, handling 5k RPM.
- Wrote unit tests achieving 88% coverage and integrated them into GitHub Actions CI.

Teaching Assistant — Universidade de Lisboa

2021-2022

- Assisted in labs for Algorithms and Data Structures courses (Python).
- Created supplemental tutorial videos viewed by >1.2K students.
