Valentina Rossi

Principal Finance Analyst

SUMMARY

Principal Finance Analyst with 10+ years of experience in financial modeling, FP&A, and risk management for multinational corporations. Adept at building complex models, automating reporting, and delivering actionable insights to senior leadership.

EXPERIENCE

Principal Finance Analyst — FinCorp Group

Ene 2019 – Presente

- Built integrated financial models supporting M&A valuation, forecasting, and scenario planning.
- Led month-end close process for a €500M division, reducing close time by 30%.
- Implemented automated reporting pipelines using Python and Power BI, saving 150+ hours per year.

Senior Finance Analyst — EuroBank S.p.A.

Mar 2015 – Dic 2018

- Performed variance analysis and business partnering for the retail banking division.
- Developed Python-based scripts to automate regulatory reporting (COREP/FINREP).
- Managed a team of 3 analysts and coordinated with audit and risk functions.

Finance Analyst — AlfaManufacturing

Sep 2012 – Feb 2015

- Prepared monthly P&L statements and assisted in the annual budgeting cycle.
- Conducted cost-allocation analyses that identified €2M of potential savings per year.
