Operations Specialist

joanna.kowalska@example.com · +48 22 1122 3344 · Warsaw, Poland

SUMMARY

Operations Specialist with 3 years of experience optimizing supply chain processes, implementing Lean Six Sigma methodologies, and supporting ERP systems in manufacturing environments.

EXPERIENCE

Operations Specialist — PolTech Manufacturing

April 2021 – Present

- Led a Kaizen event that reduced assembly line downtime by 18% through standardized work instructions.
- Managed vendor performance metrics, achieving a 95% on-time delivery rate for critical components.
- Supported SAP MM module configuration, improving inventory accuracy from 88% to 96%.

Junior Operations Analyst — GlobalLogix

August 2019 – March 2021

- Analyzed shipping data to identify bottlenecks; recommended route optimization that cut freight costs by 7%.
- Assisted in preparing monthly OEE reports and presented findings to plant management.
- Coordinated cross-functional training sessions on workplace safety and 5S principles.
