

Lukas Müller

Mid-level Software Engineer (Backend)

lukas.muller@example.com · +49 171 2345678 · Berlin, Germany

SUMMARY

Backend engineer with 4+ years of experience building scalable REST APIs and micro-services using Python/Django. Passionate about clean code, test-driven development and improving system performance.

EXPERIENCE

Software Engineer — NovaTech Solutions

2020 – Present

- Developed and maintained RESTful APIs in Python & Django serving 150k+ daily users, cutting average latency by 30%.
- Introduced Docker-based CI/CD pipelines reducing release cycle from 2 weeks to 3 days.
- Mentored 2 junior engineers and conducted weekly tech-talks on Python best practices.

Junior Developer — CodeCraft Labs

2018 – 2020

- Built internal tooling for ticket management using Node.js/Express and React.
- Automated deployment scripts with Bash and Jenkins, saving ~10 hrs/week of manual work.
- Participated in agile sprints, delivering features on time 95% of the sprints.
